TPMS Replacement Parts Program

- REDI-Sensor™
- OE Replacement Sensors
- Service Kits

Save time and money with VDO REDI-Sensor™!

- Multi-application sensor
- Ready right out of the box!
- No added sensor programming or cloning steps
- Pre-programmed and designed to follow existing OE vehicle relearn procedures
- Reduces SKUs
- Metal clamp-in and rubber snap-in valve types available
- Rubber snap-in design - sensor housing clips onto valve stem without tools or self-tapping screws to install
- If you have the tools and know-how for servicing OE sensors, you're ready for REDI-Sensor!

VDO REDI-Sensor is also available with a rubber snap-in valve stem!

- Rubber and brass valve stem snaps onto wheel
- Sensor housing clips onto valve stem without tools
- No self-tapping screws to install
- No additional loose parts
- No torque specifications
- Saves time

Tackle TPMS service with no waiting for parts delivery!
